Beyond The Ads

I’m not looking for just another job managing ad accounts. I want to deeply understand the business and build campaigns that deliver meaningful growth and measurable ROI.

Mrigaya Gautam

Associate Manager | Pay Per Click (PPC) Expert | Driving ROI through Data-Driven Digital Advertising Strategies

July 31, 2026, Mrigaya managed Akshay directly

I have had the opportunity to work closely with Akshay, and he has consistently proven to be one of the most dependable team members. What stands out most is his ownership—once a task is assigned, it will be executed with accuracy and without the need for constant follow-ups. Any organization looking for a dedicated performance marketer would be fortunate to have him.

Soni Pal

Sr. PPC Executive at Cheenti Digital | Facebook Ads | Google Ads | LinkedIn Ads | CRM | SEO

July 30, 2026, Soni was senior to Akshay but didn't manage Akshay directly

If you ask me what Akshay’s like to work with, I'd say he's someone who's consistently reliable and easy to work alongside. One thing that stands out is how quickly he picks up new things—he likes figuring things out on his own instead of waiting for someone else to solve them. His judgment and willingness to take initiative make him a valuable teammate.

Upesh Parmar

Performance Marketer | SEO | PPC | SMO | Google Ads | Facebook Ads | LinkedIn Ads

July 7, 2026, Upesh was senior to Akshay but didn't manage Akshay directly

Akshay is a fast learner who quickly picks up new concepts and applies them effectively. He consistently demonstrated a strong willingness to learn, adapt, and take on new challenges. He brings a creative mindset to his work, often coming up with fresh ideas and practical solutions.

Ankita Mukhija

Paid Media Expert | PPC Executive at Cheenti Digital

August 4, 2026, Ankita worked with Akshay on the same team

I've worked with Akshay across multiple campaigns, and he's someone I've always enjoyed collaborating with. When I was stuck, he'd not only help solve the problem but also explain the 'why' behind it. He's always exploring new AI tools and finding better ways to work. Reliable, thoughtful, and sharp in his thinking.

Harkirat Singh

Graphic Designer | UI/UX Designer

July 30, 2026, Harkirat worked with Akshay but on different teams

I've worked closely with Akshay from the design side, and honestly, he just makes things easier. He explains what he actually needs instead of throwing a brief and expecting magic, saving a lot of back and forth. He values good design, gives feedback that makes sense, and is just a genuine guy ready to help.

Saqib Nesar

PPC | Performance Marketer

July 15, 2026, Saquib worked with Akshay on the same team

He actually thinks before spending, catches problems early, and fixes them without making a big deal out of it. He is down to earth, easy to reach, and gets straight to the point. If you need someone for paid ads who actually cares about the results, Akshay is the one.

Chhavi Tiwari

PPC Expert | Google Ads & Analytics | Facebook & LinkedIn Ads

July 7, 2026, Chhavi was senior to Akshay but didn't manage Akshay directly

I've had the chance to work closely with Akshay, and he's been someone I could always rely on. He learns quickly, communicates well, and takes true ownership of his work. I also appreciate how quickly he adapts to new technologies, including AI, to improve his campaigns. I'd happily work with him again.
